WEB APP DEVELOPMENT

**SEO SERVICES
GLOBAL**
ONE STOP WEB SOLUTIONS

We expertize in both open source and proprietary development platforms. When you come to SEO Service global we understand that your endeavor is an investment, we analyze your business & budget needs and devise a solution for you which provides you with the best business advantage at the cost you had in mind, thus ensuring positive returns on your investment at all times.

Our core development teams are complemented by our User Experience, Java, Flash and Flex development experts. By integrating these into the core web technologies we deliver the tactical edge to our clients which helps them generate more revenue by increasing the customer experience, product recall and brand value to the existing business.

PHP/LAMP

We have delivered over 300+ exceptional PHP websites and applications.

Strong PHP Core and Framework expertise including CakePHP, Zend, Coreigniter, Symphony, Yii etc Extensive experience in PHP CMS such as Wordpress, Joomla, Drupal and Moodle

Proficiency in E-commerce/E-business solutions such as Magento, Opencart, Drupal, OSCommerce, X- cart etc

Flexsin is unsurpassed in leveraging the benefits these open source technologies deliver

ASP.NET

Having built not just websites but robust web applications covering the entire width of the business administration from Sales, product management to HR services we prize our development team's capabilities.

Our expertise includes ASP.net (4.0, 4.5, MVC), Windows Form, Web services, Silverlight, Azure, ORM and SharePoint We have also implemented websites using various E-commerce/E-business solutions like Dotnetnuke, Sitecore, AspDotNetStorefront etc.

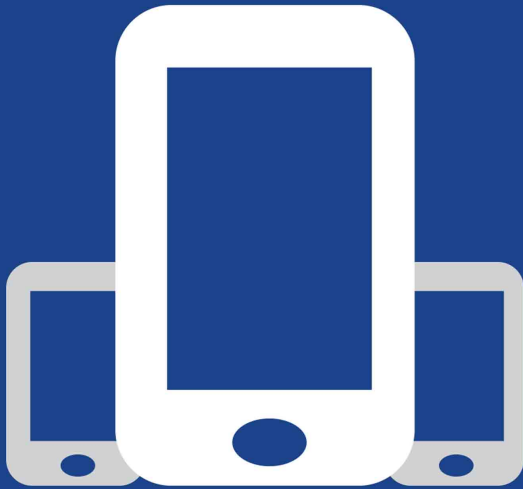

MOBILE APP DEVELOPMENT

**SEO SERVICES
GLOBAL**
ONE STOP WEB SOLUTIONS

80% of the world's population today has mobile phones. This creates a whole new channel of communication to your end user. At SEO Servis global we help you maximize this advantage by integrating the mobile world into your existing business processes. If you have an existing website or are planning for One SEO Servis global helps you integrate this advantage into your business

IPhone and Ipad

With more than 8 years in IOS app development our team has provided some revolutionary app solutions to our customers.

If you have an idea our team can give it life on an iPhone or iPad!

Equipped with the latest in technology our IOS development team constantly upgrades itself to ensure we remain at the top of our game.

We provide high resolution and rich graphical application design through the use of the latest equipment in 2D and 3D graphics.

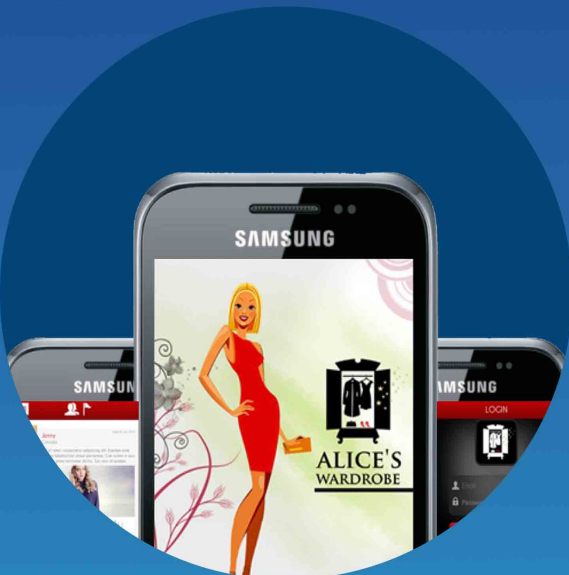

Android Phone/Tablets

We have earned both recognition and experience having developed applications for the latest version of Android including Gingerbread 2.0.x, Honeycomb 3.0.x and Ice-cream Sandwich 4.0.

Employing the android 4.0 SDK for developing apps we offer both scalable and flexible apps with stunning graphics supported by our strong design backbone.

Having developed B2B, B2C, social networking, financial domain, Video chat and collaboration tech apps there is nothing we cannot take on.

WEB DEVELOPMENT PORTFOLIO

“SEO Services Global have engaged in a very complicated development and performed very well, adding value and being a good communicator and developer. Changes were allowed during the project without extra cost. Due to changes the project was delivered later than original planned date, but to be honest this was as much at my request.”

Brian Merritt | London, United Kingdom

INTERNET MARKETING PORTFOLIO

“The SEO Service Global team is really professional. They have done a great job on our website and we had very nice improvement in our SEO. They always guide me to make my website awesome and they spent more time to solve some other stuffs out of project scopes as well. I highly recommend them and will work with them for other projects. Great Thanks to Rohit and Their team.”

ONE STOP WEB SOLUTIONS

"I have been well looked after by SEO Service Global, they have gone out of there way to help and I would happily recommend them to anyone wishing to develop an app. A professional group, well organised and pleasant at all times."

Ann | Australia

Project Description:

Professionals who bill by the hour know this well. Accurately keeping track of billable time is a challenge under the best of circumstances; keeping track while out of the office and talking on a mobile phone makes the challenge even more insurmountable.

Project Description:

Alice's Wardrobe allows you to virtualise your wardrobe and take it everywhere you go! No need to empty your wardrobe everytime you need to decide what to wear, use the app to help you plan your outfits and even share with friends!

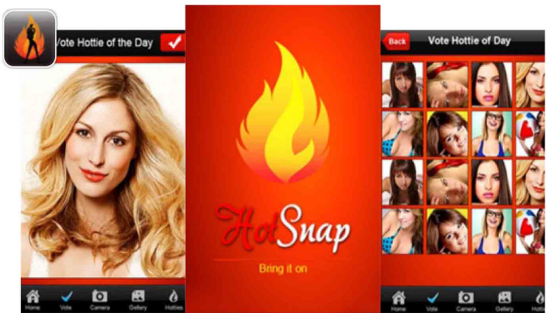

Project Description:

This is a load board app designed to make trucking easier for hard working Truckers. This app is designed to connect "Truckers" who use this app can auto post their trucks, or look for posted loads on the website. Brokers and Shippers can use this app to find Truck Drivers, or post their freight.

Project Description:

HotSnap is an online photo contest. Users submit photos using our app then the entire community of HotSnap users vote for their favorite photo.

OUR CUSTOMERS

SEO Service Global is powered by intellect and driven by values. Speed, quality and competence are our mission. We assure you for best in class service and support. For any kind of web or client-based solutions or services you can visit our website www.seoservicesglobal.com
